

OVERVIEW

The Honduras Local Governance (HLG) Activity works to enhance basic service delivery provision through increase citizen influence and improve governance in prioritized municipalities in both urban and rural areas. The Activity ensures that health, education, and other critical services are expanded and made sustainable as part of a holistic effort to strengthen the national and local levels.

Estimated Investment:
\$71,582,412

Timeframe:
Nov. 2016 to Sept. 2025

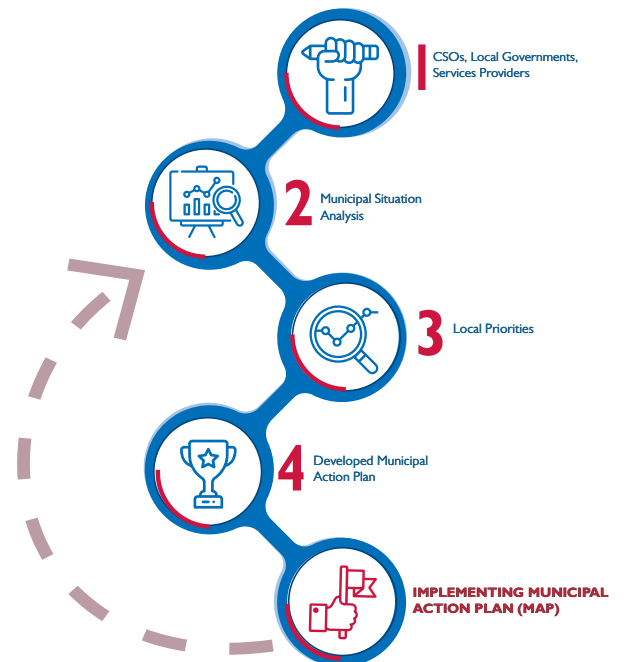

LOCAL SYSTEMS APPROACH

The Activity prioritizes and enhances strengths in each partner municipality and in the local system. The local systems approach is grounded in the following key characteristics:

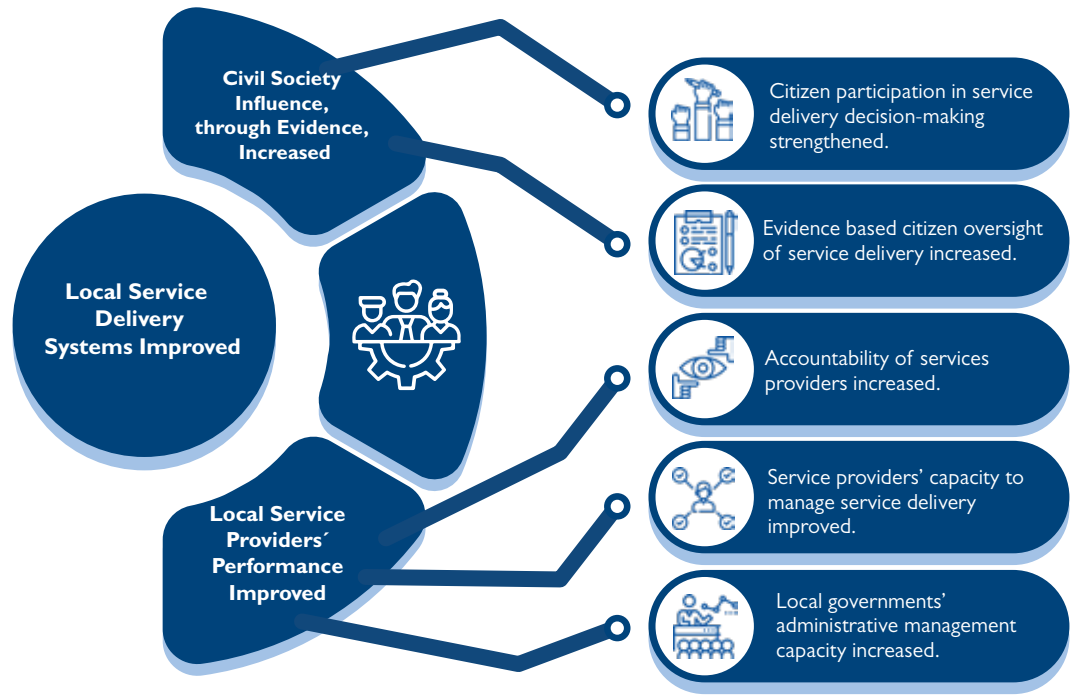

IMPLEMENTATION STRATEGY

HLG coordinates with the local governments and/or services providers as well as Civil Society Organizations (CSOs) to develop customized Municipal Action Plans (MAPs).

GOALS

HLG coordinates at the national level and supports the implementation of policies that guide local governments on decentralization, transparency, accountability, internal controls, migration, and open government.

CROSCUTTING TOPICS

Youth

Vulnerable Population Groups

Gender-Based Violence

Migration

HLG supports municipalities with migration policy development, assisting immigrant returnee centers, and responding to the needs of returnees and internally displaced persons. HLG also strengthens public awareness of migration, its risks, human rights, and other topics. Approach addresses Gender-Based Violence (GBV), gender equality, and LGBTQI+ by building the capacity of vulnerable groups to advocate and reduce gaps. Building leadership in service planning, resource allocation, and oversight to catalyze local actions.
